May minutes were accepted.

Budget was accepted.

Julie reported on the nutritional fair held May 13, 09. Very good turn out and positive feedback, people were pleased. Debbie dropped her price from \$600 to \$300 for us. Julie will send information to Carlene and Felicia for New Hampshire.

Shar reported on a possible visit from ValueOptions and Mayo Clinic. There will be no charge from ValueOptions, but Mayo would charge us. The representative of ValueOptions will present both programs at our September 16, 09 meeting in Portland. PLEASE make arrangements to attend this meeting.

Julie reported on the discount ticket program, there has already been a large response.

There was much discussion on Bring Your Child to Work Day (BYCTWD).

Jenn reported that Work & Family has never run BYCTWD in New England, but it was reported that New York Work & Family CWA has always been involved with BYCTWD. Don and Jenn both would like to be contacted with details on the plans for the 2009 BYCTWD. Mark will make sure that Pam Joy contacts both Jenn and Don.

Carlene questions about Holt Ave. being able to have a person come in and do massages on peoples breaks. They have had this in the past, but it had to end due to a dispute over money with the Pioneers. Carlene is going to check with the Pioneers and report back at our next meeting.

Carlene has a health program she has found she would like us to look over.

We are still waiting on word from legal about a possible Work & Family Scholarship.

Next meeting will be held at 10 am on July 15, 09 in Manchester, New Hampshire at 875 Holt Ave.

Respectfully,  
Julie Dawkins
